

### REMARKS

In view of the Examiner's objections to the drawings, the figures have been amended to show the ignition lock and key as required by the Examiner in support of claim 8.

In view of the Examiner's rejection of claim 10 under 35 USC 112, claim 10 has been amended. Claim 10 also has been amended to include the subject matter of claim 2, which was considered by the Examiner to be allowable.

Reconsideration of the rejection of these two claims under 35 USC 112 and the additional rejection of claim 10 under 35 USC 102 is respectfully requested.

Concerning the rejection of claims 1, 4 - 5 and 7 under 35 USC 102(b), it is noted that the subject matter of claim 2, which was indicated by the Examiner to be allowable, has been included in claim 1 and claim 2 has been canceled.

Claim 1 should now be allowable. Claims 3, 6 and 9 are therefore dependent on an allowable claim so that the Examiner's objection to these claims should have been overcome.

Claims 4 and 7 to 8 are dependent directly or indirectly on claim 1 so that they include all the limitations of claim 1. They should therefore be allowable together with claim 1.

Reconsideration of these claims is respectfully requested and allowance of claims 1 and 3 - 10 is solicited.

Respectfully submitted,

Klaus J. Bach
